Please briefly present the organisation (e.g. its type, scope of work, areas of activity and if applicable, approximate number of paid/unpaid staff, learners)

EuroCooperalia is a Spanish association dedicated to promoting and facilitating cooperation across Europe, with a strong commitment to sustainable and inclusive policies and practices. The organisation specializes in providing advisory services to a wide range of entities, including foundations, schools, universities, and other educational institutions, helping them engage in European projects and internationalize their activities.

The core areas of activity for EuroCooperalia include offering strategic guidance on participating in European Union programmes, particularly Erasmus+ projects, and providing tailored support to organisations seeking to enhance their international collaboration efforts. The association conducts training sessions, workshops, and analytical studies aimed at empowering its partner organisations with the

knowledge and tools needed to succeed in their international ventures. EuroCooperalia also places a high priority on inclusivity and environmental sustainability, ensuring that its interventions align with these values.

Although the organisation does not specify the number of paid or unpaid staff, it operates as a collaborative entity, fostering partnerships with diverse stakeholders across Europe. This flexible structure enables EuroCooperalia to maximise its reach and impact, supporting a wide variety of learners, educators, and institutions in achieving their goals.

What are the activities and experience of the organisation? What are the skills and/or expertise of key persons?

EuroCooperalia has extensive experience in fostering international cooperation and promoting the internationalisation of educational activities. It is deeply involved in advising and supporting organisations as they seek to participate in European projects, with a particular focus on Erasmus+ initiatives. The organisation's activities include:

 **Training and Capacity Building:** EuroCooperalia conducts workshops and training sessions designed to equip organisations with the skills and knowledge necessary to apply for European projects, manage international collaborations, and implement sustainable and inclusive practices.

 **Advisory Services:** The association provides tailored recommendations on how institutions can integrate internationalisation strategies into their operations, enabling them to expand their networks and enhance their capacities for cross-border cooperation.

- 🌐 **Research and Analysis:** EuroCooperalia undertakes studies and analyses that help organisations better understand the European project landscape, identify funding opportunities, and develop strategies that align with EU priorities, such as environmental sustainability.
- 🌐 **Project Development:** It actively collaborates with other institutions to design and implement cooperative projects that focus on environmental respect and inclusivity, aligning with the broader EU goals of sustainability and equality.

The key individuals within EuroCooperalia bring a wealth of expertise in European cooperation, internationalisation strategies, project management, and educational innovation. They possess a deep understanding of EU funding programmes and have a proven track record in supporting organisations through all stages of project participation—from application to dissemination and evaluation. Their skills include:

- 🌐 Strategic planning for international cooperation.
- 🌐 Expertise in sustainability and inclusive practices.
- 🌐 Strong knowledge of Erasmus+ programme guidelines and priorities.
- 🌐 Experience in organising workshops and training tailored to the needs of educational institutions.
- 🌐 EuroCooperalia's commitment to fostering cross-border collaboration, combined with its expertise in project management and its focus on inclusivity and sustainability, positions it as a valuable partner for organisations aiming to thrive in the European educational and cooperation landscape.
